ANDREW BOTOLINO

(774) 487-2552 | Boston, MA | botolino@bu.edu | andrewbotolino.com | linkedin.com/in/andrew-botolino

EDUCATION

Boston University, Boston, MA
Master of Science in Data Journalism, GPA 4.0 **Aug 2026**
Bachelor of Science in Journalism, GPA 3.98, Jerome A. Nachman Writing Award **May 2025**

EXPERIENCE

Lichtenstein Creative Media, Cambridge, MA **Feb 2024 - Present**
Researcher and Assistant Editor, Broken *(documentary in post-production)*

- File public records requests (1,200+ pages obtained) and analyze 990 tax filings, state contracts, and RFRs to trace funding flows and flag procurement irregularities across 129 subcontractors serving children in Massachusetts state care
- Organize ongoing appeals to unseal financial records withheld by state agencies

Thomson Reuters Corporation, Washington, DC (Remote) **Oct 2026 - Nov 2026**
Election Night Research Associate

- Verified 50+ results across 12+ races during live 2026 general election coverage, checking manually entered vote counts from stringers in small New England towns
- Monitored scrapers pulling results from the NY State elections website, resolving data quality issues in real time so news organizations relying on Reuters data received fast, accurate results

Center for Media Innovation & Social Impact, Boston, MA **Mar 2025 - Sep 2026**
Co-Principal Investigator

- Built automated daily pipelines pulling algal bloom and sewage overflow data from EPA and six state agency sources, normalizing inconsistent state reporting formats into one relational database
- Co-led development of a web application making fragmented government environmental data usable for residents, journalists, and watershed advocates

Boston University Residence Life, Boston, MA **Aug 2023 - Aug 2026**
Resident Assistant, Graduate Resident Assistant

- Maintained accurate records and incident documentation for 40+ residents each year, handling confidential information with discretion

OpenSecrets, Washington, DC (Remote) **Jun 2025 - Sep 2025**
Research Intern

- Validated and normalized campaign finance and lobbying records for the nonpartisan research team using SQL, DataGrip, and Microsoft Access
- Built a text-import pipeline for Foreign Agents Registration Act (FARA) documents, expediting a previous manual entry process

Spark! Justice Media co-Lab, Boston, MA **May 2024 - May 2025**
Research Intern and Project Manager

- For ProPublica, used CourtListener's API to check thousands of judicial records against disclosures to identify dozens of federal judges with undisclosed ties to case parties
- Led teams of 2-5 computer science and journalism students on data-driven investigative projects, managing team calendars, partner meetings, and deadlines, and proofreading and formatting deliverables for GBH, CommonWealth Beacon, and the Granite State News Collaborative

Boston University Department of Journalism, Boston, MA **Jan 2024 - May 2025**
Teaching Assistant for Prof. Brooke Williams

- Edited 30+ student stories and taught technical research skills (APIs, SQL, FOIA) to journalism students; co-taught databases and spreadsheets at the 2024 and 2025 NEFAC Negri Institutes
